

## PARKING LOT PAVING URGENT APPEAL

Dear Comrades:

At our Special General Meeting held on Tuesday October the 17<sup>th</sup> 2017 the membership unanimously approved a onetime opportunity to pave our parking lot before winter. The membership also approved that the Branch borrow up to one hundred and twenty thousand dollars (\$120,000) to complete this project..

There will be many fundraising events held in the future to pay for this much needed project and we ask you to support them as best you can.

At this meeting we launched an appeal for donations or interest free loans from our members to reduce or hopefully eliminate the need for outside borrowing thus saving the branch money. The interest free loans to the branch are for a period of one to three years. Beginning with the General Meeting of September 2018 a minimum of one loan would be drawn randomly to be paid back. This would continue at each General meeting until all loans are paid back. If fundraising permits all loans would be paid back as soon as possible.

We asked the members present to consider loans of \$1000 to the Branch and twenty-three thousand dollars (\$23,000) was pledged. A great start .

I am appealing to our 500+ members and friends who were not at the meeting.to make donations or loans as well.

Please bring cash donations or send your cheques made out to Streetsville Legion Branch 139 as soon as possible. Any amount would be appreciated. Receipts will be issued for your loan or donation.

Thank you for your consideration of this fundraising endeavour.

Yours in Comradeship

Secretary Branch 139 Streetsville - Benjamin Pearce
